To the **Columbia City Community and Family Chorus...**

I am so deeply fed by our weekly practice of singing and being human together.

To the many people who have supported me and my work over the years... you inspire me to continue on this path.

Thank you to **Lisa** and all my modern family... we truly rock.

Finally, love and thanks to **Catherine**, for all the rides and more.

Dedicated to my daughter **Kira**, and to my sister **Penny**— who knew it would be through the gate of your absence that I would finally step into the fullness of my life.
